QUOTES  
FOR  
OAKBROOK PLAT #4

This sheet is an explanation of the price quotes for Oakbrook Plat #4.

Concerning the price quote from ELASCO. The reason why I would except the price of 979.00 on the 50 KVA padmount transformers is that even though it is the second lowest bid it had a much better load loss evaluation.

Concerning the price quote from BESCO. The reason I would except the price 700.00 on the three phase cabinet is that these are the same cabinets we have been using all through the new construction of our subdivisions.
