Village of Chatham (hereafter "Village") agrees to pay Microchip Computer Solutions (hereafter "MCS") \$30 per month for Internet hosting service. Internet hosting service will be provided by Hanson Information Systems (hereafter "Hanson"). MCS acts as a proxy between Hanson and the Village. MCS does not receive any additional funds from this service and only acts to simplify the billing process.

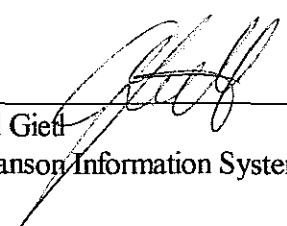

The Village will pay MCS \$30 to be received by the 15th of each month. If the 15th falls on a non-business day, payment must be received by the next business day. MCS agrees to then pay Hanson \$30 no later than the 20th of each month.

Internet Hosting Service includes web server space, up to 20 E-Mail accounts with @chathamil.net and @chathamil.org domain names (e.g.: tgray@chathamil.net), FTP access, ASP script hosting, Data Source Name Configuration, and File Access Permissions. This website will be hosted under the domain name chathamil.net and chathamil.org under the village directory (e.g.: <http://chathamil.net/village/>).

This agreement is terminated when the Village desires, in the event that MCS does not provide webpage design services to the Village, or Hanson terminates service. This agreement may be amended at any time with the written consent of all involved parties.
